Ambassadors Meeting

Monday 19th December

Discussion of Behaviour policy

Minutes from the meeting:

**In attendance:**

Grace, Violet, Iris, Joel, Joseph, Martha, Roberta

**Absent:**

Ellie

**Notes:**

It's good, people are still very positive about it

It makes people think about their actions

It helps people know what they are doing well to be on green, silver and gold (rainbow and unicorn)

It's going really well, it helps people change their decisions quickly

Sometimes it's hard to move up to silver and gold

Could be more "benefits" for moving up

Adults to be really specific in why people are moving up or down

**Next Steps:**

- Ensure that staff are specific in why people are moving up or down
- Think of benefits of moving up – what could they be? Dojo points? Certificates etc?
- Dojos for moving back to green from amber?
