11 things before 11

Achieving through kindness, compassion and perseverance

We know from research the importance of cultural and arts opportunities to support the wider learning of our children. Some of our young people have very little cultural and social input from elsewhere and therefore may miss opportunities that others are able to access and make decisions that are less informed than they could be. Exposure not only to culture but also to situations in which they might not have previous experiences is of paramount importance to our young people's ongoing successes and improved life chances.

- ✓ Spend a night away from home/family and make the bed
