Good morning Class 4!

I **hope you are all staying safe and enjoying the beautiful snow!**

As school is closed today, I would like you to try your best and complete the following activities at home.

Maths: Have a go at the following! Can you spot the mistakes?

1. Check this multiplication and look for mistakes.

	2	5	9	3
×				7
1	4	1	5	1
		6	2	

Can you explain what the mistake is?

2. Make an estimate for each multiplication. Use your estimate to check whether an error has been made. Then do the multiplications yourself to find any errors.

6085	5983	7039
× 9	× 8	× 6
34765	49864	13234

3. Lucja multiplied a 4-digit number by 8. Her answer has 6 digits.

Do you think she is correct?

Explain your reasoning.

In addition, you can always go onto Maths Whizz or TTRS!

English:

❄ Snow Day Poetry Challenge ❄

This week we have been enjoying learning about poems and the different types. As it is a snowy day, we would love you to have a go at writing a poem inspired by the wintery snow you can see outside.

You can choose to write one of the following types of poem:

✨ Option 1: Acrostic Poem

An acrostic poem spells out a word down the side.
Each line begins with a letter from the chosen word.

For example, you could use the word SNOW:

S – Soft flakes fall from the sky
N – Nature covered in white
O – Owls glide silently
W – Winter feels calm and quiet

✨ Option 2: Haiku

A haiku is a traditional form of Japanese poetry. It is short, simple, and often focuses on nature or a special moment.

Haiku Rules:

- 3 lines
- Line 1: **5 syllables**
- Line 2: **7 syllables**
- Line 3: **5 syllables**
- Think about the sights, sounds, and feelings of winter

Example:

Soft snow falls at dawn
Footprints whisper on white ground
The world feels peaceful

And finally… the most exciting part…

Please go and enjoy the snow! Can you build a snowman? Or make a snow angel?

I would love to see pictures of you all enjoying the snow.

Have lots of fun in the snow!

Mrs Jackson 😊
