Key Learning this term...

I am excited to start a new school year with Class 4; it will be filled with high quality learning. In English, we will dive into "The Girl Who Walked on Air," looking at the morality of using animals in the circus. In Maths, we will focus on Place Value and sharpen our calculation skills. Science will be looking at electricity, and circuits. History lessons will uncover the life and strife of the UK in the industrial revolution. In Art, we will hone our drawing techniques, unleashing creativity. Lastly, in RE, we will explore different religions ideas on Creation.

As always, I will be outside school when the children are collected so feel free to say hello. If you need to speak to me for a longer time, contact the school office and we can arrange a time to meet.
