School Council Meeting Notes

Monday 10th July 2023

Our vision

Joel: *We have looked at our vision in our meetings with Mr O'connell, the words that stood out are: perseverance, kindness, caring, resilience, and respect. We would like our vision to be displayed around the school.*

Violet: *Kindness is something we are proud of at St Giles, our vision is that we see kindness all around school and in our classrooms, hall, library, playground and on the field.*

Martha: *Being respectful to everyone is important at our school. We need to respect our teachers and each other.*

New behaviour system:

Ellie: *We have found the traffic light system useful in all our classrooms. It is clear and it gives you time to think about what you have done.*

Iris: *We like the weather chart system in key stage 1. It is a nice feeling when you reach the rainbow and I always think to myself- 'I am only one step away from the unicorn'.*

Joseph: *What has worked well is all teachers are now using the behaviour system in school. Children are now wanting to be more positive, as they are rewarded for good behaviour.*

Grace: *Behaviour feels better at our school because we have the behaviour chart.*

Our achievements:

Joesph: *We have worked on behaviour and vision in our meetings, and we share this with our classes. We also ask for their thoughts and opinions on things like sports day and our team houses, this gives each child a chance to be heard.*

Martha*: We agreed in our meeting to cancel treat Friday because some children found this unfair as they didn't bring a treat that day. We also want our school to be healthy.*

Joel: *We talked in our meeting about treating people the same, we shared the word 'equality'.*

Martha: *The buddy bench on the playground helps with equality and makes sure nobody is on their own.*

Ellie*: We have worked on making lunchtimes more enjoyable we now have a sports leader that runs sports activities every lunchtime.*
